

Truck Scan Tool

Introducing the HD Pro Tab – an open Android, Bluetooth wireless scan tool for Heavy Duty Truck, Agricultural & Industrial applications. The HD Pro Tab is three years in the making, with software developed at the dealership level. This means OE-level functionality without the costly subscription. Perform DPF Regeneration & NOX Resets, Injector Programming, Change and Set Parameters, along with SCR/DEF coverage and full bi-directional controls covering over 60 manufacturers, including John Deere, Komatsu and Volvo. Full Transmission and Brake System coverage is also part of the package. Unlike the competition, the HD Pro Tab boasts a true IP65 rating. It is drop tested and water resistant, with all ports fully sealed from the elements. Screen size is 10.1" IPS and a full suite of connectors accompanies the HD Pro Tab, along with a docking station complete with USB ports. Comes with 2 years of free updates!

FULL SUITE OF CONNECTORS INCLUDED
