

Heavy Duty Code Reader

Transform your iOS or Android Smart Device into a powerful Heavy, Medium & Light duty truck code scanner. With DPF Reset/Regen capabilities!

Say Never Again to getting stuck in limp mode – or worse – stranded on the side of the road, just because you need a DPF reset or regen! With the HD Mobile, you can rest assured that you will never have to pull over, in the middle of nowhere, for a supposed driveability issue while having to trust a repair facility with “what’s wrong” with your prized investment. Not only is the tow expensive, so could be the hidden repair charges!
